List of Content

MODELLING AND SIMULATING THE CLIMATE CHANGE

Climate change simulations with a fully coupled ocean-troposphere-stratosphere model

H. Huebener, T. Spangehl, S. Schimanke, F. Niehorster, U. Cubasch, Institute of Meteorology, Freie Universitdt Berlin, Germany

CLIMATE POLICY AND CLIMATE IMPACT RESEARCH

Climate policy between control mechanisms and self-organization:
Futureable organizational forms beyond the nation state? 19

K. Pilcher, University of Salzburg, Austria

Visualization of Biosphere Changes in the Context of Climate Change 29

T. Nocke, U. Heyder, S. Petri, K. Vohland, M. Wrobel, W. Lucht, Potsdam Institute for Climate Impact Research, Germany

Impact of Artificial Life on Climate Change 37

R.E. Zimmermann, University of Applied Sciences Munich, Germany

ENVIRONMENTAL DATA, INFORMATION, KNOWLEDGE AND DESASTER MANAGEMENT

Managing Metadata in a Collaborative Earth System Research Environment 47

C. Rachimow, S. Petri, M. Flechsig, Potsdam Institute for Climate Impact Research, Germany

A Platform for Collaborative Danger Defense 55

F. Fuchs-Kittowski, D. Faust, Fraunhofer ISST, Germany

An ontology based framework for environment information system 69

S. Yang, College of Educational Information Technology, South China Normal University Guangzhou City, Guangdong Province, P.R.China

IT-APPLICATIONS I

- Carbon Footprinting of products - enabling the ecological supply chain of the future 77
R. Barling, V. Wohlgemuth, FHTW, University of Applied Sciences, Berlin, Germany

IT-APPLICATIONS II

- Development of a Software Assistant supporting the CO₂ Emission Trading System 87
C. Schmitz, B. Page, A. Rolf, University of Hamburg, Germany
- IT Support of International Collective Scientific Research to Limit the Human-induced Climate Change - The Impact of Computer (-Networks) on the Organization of Science and the Culture of Scientific Work 107
K. Fuchs-Kittowski, University of Applied Sciences Berlin, Germany

SCIENTIFIC DATA MANAGEMENT AND DATA ACCESS

- The PIK approach towards intuitive and integrated access to heterogeneous scientific data 133
M. Wrobel, M. Flechsig, A. Glauer, C. Rachimow, Potsdam Institute for Climate Impact Research, Germany
