## **Contents**

Water protection in the European Union and in Germany using the example of EC Water Framework Directive and the implementation in Germany Ingrid Althoff	1
Legal Aspects of water management and sanitation in Brazil Maria Lucia Navarro Lins Brzezinski	48
The role of modeling for integrated water resource management Bernd Diekkrüger and Claudia Hiepe	63
Water contamination by agrochemicals in a small subtropical watershed with steep slopes and shallow soils under tobacco Jose Miguel Reichert, Danilo Rheinheimer dos Santos, Douglas Rodrigo Kaiser, Letícia Sequinatto, Dalvan Jose Reinert, and Elena Blume	79
Irrigation water quality and development of halophyte species upstream and downstream of the underground dam in Ibicutinga – Ceará, Brazil Jose Wilmar da Silveira Neto, Carisia Carvalho Gomes, and Ramyro Batista Araújo	87
Water quality reclamation of Pinheiros River and posterior pumping to Billings Reservoir: an integrated concept of water resources management in Latin America (São Paulo, Brazil) Davi Gasparini Fernandes Cunha, Sergio Eiger, Doron Grull, Murilo Damato, Jose Roberto Coppini Blum, Jose Eduardo Ismael.Lutti, and Pedro Caetano Sanches Mancuso	101
Water quality in a rural watershed resulting from gemstones mining Operations Nadia Bernardi Bonumä, Maria do Carmo Cauduro Gastaldini, and João Batista Dias de Paiva	108
The Sanitation challenge for rural and periurban population at Ribeira Valley, Brazil Marcelo Antunes Nolasco	118

Comparative study of small wastewater treatment technologies under special operation conditions - COMPAS

Matthias Barjenbruch and Eva Exner

130

Considerations on sanitary barriers for cisterns aimed at drinking water supply in rural areas – Northeast Brazil

Sylvana Melo dos Santos, Suzana Maria Gico Lima Montenegro, and Sergio Henrique Braga de Souza

139

Treatment of well water contaminated with arsenic and water network modeling

Martin Damian Vergara and Sergio Eduardo Abbenante

150
