<b>Part I</b>	<b><i>Introduction</i></b>	<b>1</b>
<b>Part II</b>	<b><i>Paper</i></b>	
	<i>2.1 Scientific Developments</i>	
	2.1.1 The characterization of enzymes for use in paper conservation	15
	2.1.2 The use of enzymes in partially non-aqueous media	25
	2.1.3 Increase of paper permanence by treatment with liquid ammonia solutions: Part 1, Fundamental basis and influence on fibre and paper structure and properties	31
	2.1.4 Increase of paper permanence by treatment with liquid ammonia or ammonia solutions: Part 2, The influence of treatment with liquid ammonia or ammonia solutions on the permanence of inks	37
	2.1.5 Increase of paper permanence by treatment with liquid ammonia or ammonia solutions: Part 3, Testing of the usability of papers	43
	<i>2.2 Conservation Treatments</i>	
	2.2.1 Alternatives to conventional methods of reducing discolouration in works of art on paper	49
	2.2.2 The colour reversion of paper after bleaching	57
	2.2.3 The restoration, conservation and examination of the sixteenth-century prints found on Nova Zembla	71
	2.2.4 The conservation treatment of a collage: Man with a Hat, by Pablo Picasso	85
	2.2.5 The conservation of Indian and Moghul miniatures	97
	2.2.6 A conservation method for Islamic illuminated manuscript leaves.	101
	<i>2.3 Alkaline Buffering</i>	
	2.3.1 Aqueous deacidification of paper	109
	2.3.2 Non-aqueous deacidification of books and papers	117
	2.3.3 Mass deacidification at the Public Archives of Canada	125
	<i>2.4 Mounting and Storage of Art on Paper</i>	
	2.4.1 The mounting and storage of prints, drawings and watercolours at the British Museum	139
	2.4.2 The mounting and storage of the graphic arts collection at the National Gallery of Canada	143
	<i>2.5 Leafcasting</i>	
	2.5.1 Notes on the early development of leaf-casting	149
	2.5.2 Analysis, specification and calculation in the preparation of leaf-casting pulp: a methodology	153

## Contents

### **Part III *Vellum and Parchment***

#### *3-1 Repair and Relaxation*

- |       |   |     |
|-------|---|-----|
| 3.1.1 | Repair treatments for vellum manuscripts                              | 183 |
| 3.1.2 | The use of polyethylene glycol in the restoration of parchment        | 195 |
| 3.1.3 | A note on the structure of vellum and the effects of various solvents | 199 |

#### *3.2 Binding, Handling and Display*

- |       |   |     |
|-------|---|-----|
| 3.2.1 | Preservation and display of single parchment leaves and fragments | 201 |
| 3.2.2 | Notes on the binding and storage of vellum-leaved books           | 211 |

### **Part IV *Books and Bindings***

#### *4.1 Book Conservation*

- |       |   |     |
|-------|---|-----|
| 4.1.1 | Conservation priorities: a bibliographer's view       | 221 |
| 4.1.2 | Conservation priorities: a book conservator's view    | 227 |
| 4.1.3 | Conservation priorities: a bookseller's view          | 231 |
| 4.1.4 | Conservation priorities: a library conservator's view | 235 |

#### *4.2 Bookbinding leathers*

- |       |  |     |
|-------|--|-----|
| 4.2.1 | The structure of leather   | 239 |
| 4.2.2 | The manufacture of bookbinding leathers                                  | 253 |
| 4.2.3 | Minimizing deterioration of bookbinding leathers in polluted atmospheres | 261 |

### **Part V *Modern Records***

#### *5.1 Photographic*

- |       |  |     |
|-------|--|-----|
| 5.1.1 | The role of micrographics in the treatment of modern records | 267 |
| 5.1.2 | Problems in the conservation of silver gelatine prints       | 273 |

#### *5.2 Library and Archival*

- |       |   |     |
|-------|---|-----|
| 5.2.1 | Developing a conservation policy: the Harold B. Lee Library | 287 |
| 5.2.2 | The treatment of modern records in India                    | 291 |
| 5.2.3 | Environmental control of modern records                     | 297 |

### **Part VI *Conference Discussions***

- |  |  |     |
|--|--|-----|
|  | <i>Paper deacidification in practice: topical problems</i> | 309 |
|--|--|-----|

### **Part VII *Notes on Contributors***

- |  |  |     |
|--|--|-----|
|  |  | 317 |
|--|--|-----|

- |       |  |     |
|-------|--|-----|
| Index |  | 322 |
